CM lays foundation for Vishnu Memorial online

A dream come true for late actor's fans after a decade

A bhoomi puja ceremony was held at the Vishnu Memorial site in Haalaalu village on H.D. Kote Road this morning. Seen are Dr. Bharathi Vishnuvardhan, MLAs G.T. Devegowda and S.A. Ramdas, MUDA Chairman H.V. Rajeev, Deputy Commissioner B. Sharat, ZP President Parimala Shyam and others.

Mysuru, Sept.15 (RKB&SSV)- It was a dream come true for the fans of renowned Kannada actor, late Dr. Vishnuvardhan with Chief Minister B.S. Yediyurappa laying the foundation stone for the actor's memorial online from Bengaluru this morning. The Vishnu Memorial is coming up on a five-acre land at Haalaalu village on H.D. Kote Road at a cost of Rs. 11 crore. The construction is entrusted to Karnataka Police Housing Corporation.

Yediyurappa

While the CM laid the foundation online, Dr. Bharathi Vishnuvardhan, wife of Dr. Vishnuvardhan, and his family members were present at the memorial site.

Speaking on the occasion, the CM said Dr. Vishnuvardhan was one of the best actors in Kannada film industry and he was a role model to the youths for his simplicity. For his fans, he was known as *'Sahasa Simha'* and had a place in the hearts of lakhs of people. Dr. Vishnu made an immense contribution to the Kannada filmdom after the demise of Dr. Rajkumar.

Yediyurappa said Dr. Vishnuvardhan had acted in several movies in his 38-year-old film career. From *'Nagarahaavu'* till *'Aptarakshaka'*, the late actor stole the hearts with his sterling performance. The speciality of his films were concern for society and human values.

Dr. Bharathi Vishnuvardhan, an actress in five languages and a winner of *Padma Shree*, took a lot of interest in the construction of a memorial in Mysuru, the hometown of the late actor, the CM said.

"There has been a delay in the construction of Vishnu Memorial due to some reasons. I have given instructions to complete it on priority. Already, Rs. 5 crore has been released of the total Rs. 11 crore sanctioned for the project," CM Yediyurappa stated.

Govt. doctors warn of stopping OPD services from next Monday

Mysuru, Sept. 15 (RK&DM)- With the Government yet to respond to their demands that included an end to pay disparity, regularisation of contract doctors who have completed three years of service and protection against assaults at work place, the Karnataka Government Medical Officers Association (KGMOA) has warned of stopping OPD (Out Patient Department) services at all Government Hospitals across the State from next Monday (Sept. 21).

Health Minister B. Sriramulu was holding a meeting with the striking doctors at Vidhana Soudha when we went to Press.

Apart from stopping sharing of COVID and all kinds of Non-COVID reports with the Government, the Association has also backed out of attending meetings with Government authorities from today.

Although regular COVID and Non-COVID lab tests will be conducted, the doctors attached to the Health and Family Welfare Department, will not submit reports and as such there will be no daily COVID-19 updates across the State from today.

The members of KGMOA had presented a common memorandum to their respective Deputy Commissioners yesterday seeking fulfilment of their demands.

Schools and Colleges to re-open from Sept. 21

Fresh guidelines expected this week

Bengaluru, Sept.15 (KMS & SSV)- After nearly six months due to COVID-19 threat, all Schools and Colleges will reopen from Sept.21 as per guidelines issued by Union Health Ministry.

To begin with, only 8th to 10th standards will function from next Monday. However, the State Government has not taken any decision regarding the commencement of 1st to 7th std.

Another set of guidelines is expected from the Government within this week about the starting of classes. While online classes have already started from Sept. 1, the degree and other higher education courses are scheduled from Oct. 1.

Door delivery of books and uniforms: The Department of Public Instructions has already taken steps for the distribution of books and uniforms to students from 1st to 10th standards at their doorsteps. As per guidelines, 40 per cent of the syllabi have been reduced.

The Government wanted to start the classes at the earliest to engage the students in academic activities. In view of Coronavirus threat, students studying from 1st to 9th were given promotion to the next classes without conducting the exam.

A similar step was followed in regard to professional courses where only final semester exam was conducted whereas students of other courses were given promotion to next semester.

AAP launches Oximithra Campaign in city

Volunteers conduct free door-to-door health screening camp

Mysuru, Sept. 15- Aam Aadmi Party (AAP), Mysuru Unit, under the leadership of District Unit President Malavika Gubbivani is conducting door-to-door free health screening camp under its Oximithra Campaign in Hebbal 2nd Stage since last four days.

AAP volunteers Shivakumara K.M. Raju Aadhya, Renuka Prasad and Naseer Korikar are participating in the campaign.

Speaking to *SOM,* Malavika Gubbivani said that Pulse Oximeter helps to detect low levels of oxygen in blood of COVID-19 patients even before the regular symptoms of cough, cold and fever show up. Such a condition of low oxygen level is extremely dangerous and if detected early, the patients can be treated at a hospital and their lives saved, she observed citing the example of Delhi which has one of the lowest death rates for extensive use of pulse oximeters.

Oximeters are not easily available to everyone or most people do not know how to use it. Hence AAP has started a nationwide campaign of recruiting Oximithras. Young people are requested to participate in this life-saving campaign. Proper training on use of Oximeters and protective equipment will be provided to the volunteers, she added.

Those intersted may call AAP Office on Mob: 8884431221 to become an Oximithra.

EDITOR'S BOTTOMLINE

WANDERLUST: ***Known for his unconventional style of functioning, Maharashtra Governor Bhagat Singh Koshyari says he is a 'ghumantu' (wanderer) and this helps him perform his duties as a 'rajya sevak' efficiently and effectively. Around a month ago, he trekked to the famous hill fort of Shivneri, the birthplace of legendary Maratha warrior Chhatrapati Shivaji Maharaj. Describing himself as 'rajya sevak', Koshyari, who last week completed one year in gubernatorial office, said it was a great experience for him visiting villages and districts in Maharashtra and interacting with people. He said one cannot understand the problems on the ground unless one visits the place oneself. Speaking on his engagements with Universities, he said he had made it a practice to attend Convocations in all Universities. No Governor had visited the Shivaji University for 16 years, he said, adding that these visits provided him an opportunity to interact with teachers and students.***

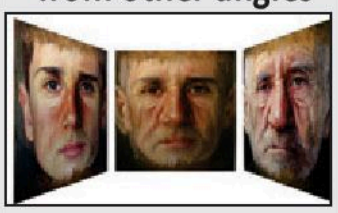
NEWS SPARKLERS

Portraits which reveal different faces from other angles



Girona: Sergi Cadenas, a self-taught artist, is a master of kinetic wall art, creating not one, not two, but three distinct portraits in a single painting, each revealed when the artwork is viewed from a certain angle.

Sergi Cadenas' amazing artworks consist of rigid vertical strips that he paints individually, by hand. The 'trick' is to paint a different person on each side of each strip, so that when viewed from opposite sides, a different person can be seen. But if you stand right in front of the kinetic painting, the features of the two portraits blend to create a third portrait.

Born in Girona, Spain, Cadenas studied artistic ironmongery and took over his family's foundry, which has been around for almost three centuries. Sergi continued the family trade and became a recognized artisan specialized in several forging techniques, but at age 30, he decided to explore other artistic mediums as well.

Slowest musical composition to finish playing in 2640

Halberstadt: Written by the late American composer John Cage, As Slow as Possible, considered the world's slowest musical composition and the subject of the longest-lasting musical performance in recorded human history has been playing at the St. Burchardi Church in Halberstadt, Germany since September 5, 2001.

'Played' is perhaps too strong a word to describe the sound coming out of the organ built specifically for this musical piece, as the performance began with a pause that lasted until February 2003 and has since continued with single notes played continuously for several months, sometimes years. For example, the latest note change occurred on Sept. 5, 2020, and the next one is scheduled for Feb. 5, 2022. I think it's safe to say that none of us will hear the end of this epic performance, as it is meant to end in the year 2640.

HEALTH CAPSULE by Bron Smith

What is the recommendation for sugar consumption?

Physicians suggest that American women should consume no more than 100 calories per day from added sugars. Men: No more than 150 calories. Average daily sugar consumption for American males 2-19 years: 320 calories; females: 304 calories.

** Health Capsules is not intended to be of a diagnostic nature.*

VOICE OF THE READER

Proposed flyover: Some suggestions

Sir,

Apropos to the news item about the proposed flyover near Columbia Asia junction *(SOM* dated Sept.12) it is imperative that the road ahead leading to Mysuru city needs to be developed and widened without delay as under:

1. From Tipu Circle to Suburban bus stand via St. Philomena's Hostel/Ambedkar Statue Circle.

2. Tipu Circle to city via Ashoka Road just the way Irwin road is widened. As it involves acquisition of buildings housing shops and commercial establishments, a time-frame needs to be drawn from now itself.

Further, in view of proposed expansion of airport, proposed bullet train from Mysuru to Chennai and probable establishment of new industries, the traffic between Bengaluru and Mysuru is sure to see a huge surge in the next couple of years.

I hope the MCC will initiate necessary steps in coordination with NHAI on an urgent basis.

UoM to start engineering college

Building to come up in Manasagangothri campus

Mysuru, Sept.15 (RK&SSV)- University of Mysore (UoM) has decided to start an engineering college from the academic year 2020-21 and submit a proposal to the All India Council for Technical Education (AICTE) seeking permission to appoint teaching and non-teaching staff as well as start several courses.

This was decided at the Academic Council Meeting held here yesterday under the Chairmanship of Vice-Chancellor Prof. G. Hemantha Kumar.

The VC said hitherto, the Varsity had planned to construct the new building for the proposed engineering college at the foot of Chamundi Hill but the idea was dropped due to some reasons. Now, the engineering college building will come up within the Manasagangothri campus. The courses will be started under the self financing scheme.

A committee has been constituted to work out details about the total number of teaching and non-teaching staff required to start the new course. Once it is ready, the proposal will be submitted to AICTE for its approval.

He opined starting of the engineering college by the University is going to benefit the students a lot. A revenue of around Rs. 4 crore to Rs. 5 crore is expected from this college and the same could be spent on development of other departments, the VC said.

Prof. K. R. Niranjan said it was not a right decision to start the engineering college from the current academic year without the AICTE permission to prevent the students from facing difficulties in the future.

Replying to this, the VC said if the Varsity wanted to do it, they should have done with pending approval of the AICTE. But keeping the students interest, it is decided to postpone it.

Skill Development Training

He said as per directions from the Government and under the proposed National Education Policy, the Government Degree College of Terakanambi in Gundlupet taluk and the Government Degree College in Hassan would be taken under its belt and start skill development training centre from the next academic year. Only the college buildings and basic facilities will be handed over to the Varsity and it will take the responsibility of appointing teaching and non-teaching staff, he said.

The Government will give the financial assistance in case they find short of funds to run the centres. Offering courses like tourism and logistics will help the candidates to become self-employed, the VC added.

10-member panel

The VC said a ten-member committee headed by Prof H.A. Ranganath has been constituted for the effective implementation of the much-hyped National Education Policy (NEP). Besides, another committee comprising 20 professors too has been formed. The Policy will be implemented upon the report to be submitted by the Prof. Ranganath Committee. It will take at least one year for the new policy to come into force, he added.

Increase Ph.D candidate numbers

Prof. Niranjan suggested to the VC to increase number of candidates seeking entrance to Ph.D in the wake of less in number. If needed, the Varsity must make changes in the existing rules.

Replying to this, Prof. Hemantha Kumar said first he will check the number of candidates who have enrolled for Ph.D in the last five years and the total number of passed candidates. This will give a picture whether there is any need to amend rules.

The meeting also resolved to form an internal disciplinary committee for the selection of guides to guide the Ph.D candidates of Bio-Technology and for other three departments.

Registrar (Evaluation) Prof. K.M. Mahadevan, MLAs L. Nagendra and M. Srinivas, Dr. D. Anand, Prof. N.M. Talwar, Prof. R. Rajanna, all Academic Council members and CDC Director Srikantaswamy were present at the meeting.

Webinar on 'Small business: A boon in COVID times'

Mysuru, Sept. 15- Bhavan's Priyamvada Birla Institute of Management (BPBIM), Mysuru, in association with Asian Institute of Family Managed Business (AIFMB), Mumbai, has organised a National Webinar on 'Small business: A boon in COVID times' on Sept. 16 at 11 am.

Dr. Ambedkar Seva Ratna Award conferred

'Mahamanavana Mayayana,' a book on Dr. B.R. Ambedkar, written by C. Chandrappa, was released at a programme held at Vignana Bhavan in Manasagangothri here recently. Later, State-level 'Dr. B.R. Ambedkar Seva Ratna Award' was conferred on four achievers, who are seen with the dignitaries and guests.

Mysuru, Sept. 15 (PM&SD)- 'Mahamanavana Mayayana,' a book on Dr. B.R. Ambedkar, written by C. Chandrappa was released at a programme organised by Karnataka Unit of Bharatiya Dalita Sahitya Academy in association with Hindulida Vargagala Jagruti Vedike and Dalita Vidyarthi Okkuta of Manasagangothri at Vignana Bhavan here recently.

Speaking after releasing the book, former Minister P.M. Narendra Swamy said, "Untouchability itself is a disease and there cannot be a more dreaded disease than untouchability and discrimination. The Corona pandemic is showing the horror of untouchability and discrimination to the whole world."

"Mahanayaka TV serial being broadcast by a private channel, which is based on the life and achievements of Dr. Ambedkar is getting good response from the audience," he added.

State-level 'Dr. B.R. Ambedkar Seva Ratna Award' was conferred on Executive Engineer of Ramanagar Rural Drinking Water Supply Division Chandrahasa, State Convenor Umesh B. Nuralakuppe, journalist from Magadi taluk G. Narasimhamurthy and budding singer Ruthwik C. Raj, on the occasion.

Later, a discussion on 'Mahanayaka' TV serial was held. Retired Secretary of State Government C. Somashekar, President of Kannada Pustaka Pradhikara Nandish Hanche, writer C. Chandrappa, Retired Professor B.P. Mahesh Chandra Guru, thinker K. Raghuram, State President of Bharatiya Dalita Sahitya Academy C. Venkatesh, State President of Hindulida Vargagala Jagriti Vedike K.S. Shivaramu and others were present.

Will decide on political course in coming days, says Kollegal MLA

Kollegal, Sept. 15 (Nagendra)- Asserting that he has not deserted BSP (Bahujan Samaj Party) on his own and it is the party which has expelled him, Kollegal MLA N. Mahesh said that he will soon decide on his future political course.

Addressing a press meet here recently, Mahesh, who was elected from Kollegal (SC Reserved) constituency on a BSP ticket in the 2018 Assembly polls, said that he remained neutral during the Trust Vote held in July last year when H.D. Kumaraswamy-led JD(S)-Congress Coalition Government sought vote of confidence in the Assembly, due to changed political circumstances.

Dismissing allegations that money factor played a big role in his (Mahesh) neutral stance during the Trust Vote, the Kollegal MLA said that he will start planning on his future political course right now.

Claiming that Kollegal constituency got Rs. 246 crore grants during the last two years, he said that he will meet the Chief Minister soon to seek Rs. 10 crore for the completion of KSRTC bus stand at Kollegal.

Stating that no one has the right to make character assassination statements against him, he regretted that he was receiving brickbats after BSP expelled him for anti-party activities.

Maintaining that he has been working round-the-clock for the development of Kollegal, he said that he will continue with his daily public contact meetings, during which the people can air their grievances.

Mangala Somashekar is District BJP President

Mangala Somashekar

Mysuru, Sept. 15 (MK&DM)- In a significant appointment, the State BJP on Monday appointed Mysuru ZP member Mangala Somashekar as the new Mysuru District (Rural) President. The post had fallen vacant after S.D. Mahendra quit following the row over APMC Presidential election a couple of months ago.

Mangala Somashekar, who is a two-time ZP member from Hullahalli in Nanjangud taluk, is the first woman to be appointed for the post.

Mangala, who has been in the BJP for over 12 years, had earlier served as the State Executive Committee member of BJP Mahila Morcha and also as Mysuru Rural District General Secretary, it is learnt.

BABU'S BANTER

Combing Operation Hero Abhimanyu set for Howdah task

By M.T. Yogesh Kumar

Mysuru, Sept. 15- This Dasara the responsibility of carrying the 750-kg Golden Howdah (Ambari) with the idol of Goddess Chamundeshwari placed inside it, is on elephant Abhimanyu, who has just got promoted from the post of Vice-Captain to Captain. So far, the mighty Arjuna successfully donned the role of a Captain and had carried the Golden Howdah for eight consecutive times and once, years ago, he successfully carried it when the Howdah was mounted on him from Bannimantap to Mysore Palace after elephant Drona carried it during the *Vijayadashami* procession from the Palace to Torchlight Parade Grounds.

MYSURU DASARA
Celebrations Since 1610 AD
Oct. 17 - 26, 2020

Arjuna has turned 60 and as per the Supreme Court directions and Union Government's guidelines, no elephant aged above 60 years is supposed to be tasked with heavy and stressful duty. So the Captain's mantle has now fallen on Abhimanyu, who is 54 years old.

Abhimanyu has proved that he is a trouble-shooter and has participated in more than 125 wild and rogue elephant capturing operations and in over 12 tiger trapping tasks in the last 30 years.

Mr. Reliable

He is the Mr. Reliable of the Forest Department and officials say that Abhimanyu will successfully carry the Golden Howdah this year and will do it till he turns 60. "Abhimanyu will carry out all the tasks entrusted to him and he has been obedient and faithful all these years," says his Mahout Vasantha who has compared Howdah-carrying as a divine task.

Abhimanyu, the combing operation hero, is courageous to the core and has gone to places including Madhya Pradesh and Maharashtra to capture rouge elephants. He has been summoned to all places wherever other trained elephants fail to mellow down wild elephants that create havoc in human habitats.

A dare-devil

"He has always lived up to our expectations and he is a dare-devil. No matter how rouge the elephants are, he takes charge and executes the task successfully. Wild elephants surrender meekly to Abhimanyu's mighty prowess and hitting techniques where he simultaneously uses his tusks and trunk," revealed Vasantha who has been with the pachyderm since his childhood.

"Abhimanyu and I share a special bond and I have been with him since my childhood. I can proudly say that because of the bond between us, we have been successful in many elephant and tiger capturing operations," Vasantha said.

Captured in 1977

The pachyderm was captured in Hebballa forest range in Kodagu district in 1977 in a Khedda operation. "My father Sannappa was a Kavadi to Arjuna and he took over as the Mahout of Abhimanyu in 1977. After his retirement I was appointed as the Mahout in 2009. My father used to treat him like his child and I continue the same relationship and he is more than a family member for me," he explained.

In 2002, a tiger was injured by a snare kept by hunters at Sunkadakatte inside the Nagarahole Tiger Reserve. "The tiger was holed up inside a bear cave at Mastigudi in D.B. Kuppe Range and it had created fear psychosis among the tribals as it was unable to hunt and might attack human beings as they are soft targets. The Forest Department launched an operation to capture the tiger and Abhimanyu joined the operation along with Arjuna, Bharata and two female elephants," Vasantha said.

File photo of Abhimanyu pulling the Aane Gaadi during Jumboo Savari.

Caparisoned Dasara elephant Abhimanyu with Mahout Vasantha and Kavadi Raju.

"As we neared the bear cave, the tiger, alerted by its keen sense of smell, roared. All the elephants except Abhimanyu fled the scene. Abhimanyu stood ground and finally, doctors were able to fire tranquilliser darts at the feline and it was rescued," he revealed.

Saviour of staff

According to Vasantha, Abhimanyu has a do or die attitude and protects its mahout and other people in case their lives are in danger. "Many times, during wild elephant capture operations, the wild pachyderms try to attack us. But Abhimanyu comes in between and prevents the attack. There are many instances where Abhimanyu attacked the wild elephants that were charging at us," he said.

Abhimanyu has participated in Dasara since 21 years and has enough experience in the festivities. This time he will carry the Golden Howdah. He is 2.68 metres in height and has a length of 3.51 metres. Abhimanyu weighs 5,290 kgs.

He used to draw 'Aane Gaadi' wherein a band of musicians attached to KARP Mounted Company perform during *Jumboo Savari*. But as Abhimanyu got bigger and fatter, the 'Aane Gaadi' became too small for his size and he was relieved of this duty. Abhimanyu usually carries the wooden replica of the Howdah during the Srirangapatna Dasara procession. Since the last five years during Mysuru Dasara, he has been given training to carry more weight of sandbags.

Stopped since March 24...

Mysore Palace illumination to resume from Oct. 17

By Shyam Sundar Vattam

Mysuru, Sept. 15- Tourists visiting Mysuru have to wait for one more month to witness the spectacular illumination of Amba Vilas Palace (Mysore Palace), one of the main attractions in the city.

The Palace illumination was stopped from March 24 this year after Prime Minister Narendra Modi announced a complete lockdown in the entire country in the wake of outbreak of Coronavirus. Since then there has been no illumination of the entire Palace even on Sundays and general holidays to prevent the people from flocking the premises to click pictures of the illuminated Palace.

T.S. Subramanya, Deputy Director, Mysore Palace Board, told *Star of Mysore,* "We had decided to stop the illumination of the Palace building to prevent the people and tourists from gathering in groups inside and outside the Palace premises to check the spreading of COVID-19. This ban will continue till Oct. 16. The Palace illumination will resume only from Oct. 17 (inauguration of Dasara-2020). Till then, there will be no lighting of the Palace on Sundays and public holidays."

According to him, managing the public is a biggest problem as an average of 5,000 people would gather to see the illuminated Palace and to take its pictures by forgetting the mandatory social distancing. Due to strict guidelines from the Union Ministry of Health, the Board has suspended the Palace illumination.

Subramanya said Mysore Palace is perhaps the only historic building which is illuminated with the 'outdated' incandescent bulbs. Around one lakh bulbs are used to light the entire Palace and it resembles a tinsel world.

The Palace Board specially gets the bulbs prepared from suppliers in Delhi and Hyderabad as the manufacturing of this kind of bulb by leading bulb manufacturing companies was stopped long ago. "On an average, 5,000 to 10,000 such bulbs are procured every year to replace the fused out bulbs. We keep the stock and replace it as and when we require," Subramanya added.

SOUND AND LIGHT

He said the Sound and Light Show, which also attracts tourists, will resume after Dasara. This too had remained suspended since March this year.

Mahisha Dasara on Oct.15

Mysuru, Sept. 15 (PM&DM)- Former Mayor Purushotham said that Mahisha Dasara will be celebrated atop Chamundi Hill on Oct.15.

Addressing presspersons here yesterday, Purushotham, who is also the President of Mahisha Dasara Acharane Samithi, said that Mahisha Dasara will be celebrated on Oct.15, a day before *Amavasya*.

Pointing out that a preparatory meeting has also been held in this regard, he appealed the Police to grant permission for the celebrations.

Sir M. Visvesvaraya remembered

MLA G.T. Devegowda and MUDA Chairman H.V. Rajeev garlanded the bust of Sir M. Visvesvaraya at The Institution of Engineers (India), Mysuru Local Centre on JLB Road as part of Sir MV's 160th birth anniversary this morning. Others seen are Mysuru Hotel Owners Association President C. Narayanagowda, former Corporator M.D. Parthasarathy, social worker K. Raghuram Vajpayee, Sri Ilai Alwar Swamiji and District Brahmin Association President D.T. Prakash.

MUDA to constitute Sub-Committee for allotment of CA sites

Mysuru, Sept.15 (SBD&DM)- In a significant decision, the Mysuru Urban Development Authority (MUDA) has decided to form a Sub-Committee for allotment of CA (Civic Amenities) sites in city.

The decision was taken at the MUDA meeting, the first one held after H.V. Rajeev took over as the Authority's Chairman, at MUDA Hall here yesterday.

The meeting resolved to form the Sub-Committee to be constituted by the MUDA Chairman, for allotment of newly identified 256 CA sites without any confusions or controversies.

Dasara grant: It was also decided to give Rs. 5 crore to the district administration for the conduct of Dasara. But MLC Marithibbegowda, who objected to the decision, suggested giving Rs. 2 crore as Dasara is being celebrated in a simple manner. But ultimately, it was decided to give Rs. 5 crore for Dasara celebrations, as agreed at the Dasara High Power Committee meeting chaired by Chief Minister Yediyurappa in Bengaluru.

COVID Care Centre: During the course of the meeting, officials said that Rs. 90 lakh was needed for running the COVID Care Centre, which MUDA has taken the responsibility. MLC Marithibbegowda said that MUDA has already donated Rs. 1 crore for COVID Relief Fund and as such it was not right to spend such a big amount on COVID Care Centre.

The MLC also pointed out that MUDA is yet to pay Rs. 200 crore relief to farmers who have parted with their lands for formation of layouts and as such money should be spent in a most judicious manner.

Officials clarified that MUDA had to take responsibility of running the COVID Care Centre as private organisations did not come forward for funding.

Title Deed: MLA L. Nagendra wanted MUDA to remove the hurdles in the issuance of Title Deed for vacant sites. Pointing out that site allottees are constructing houses merely as namesake in one portion of the site in order to get Title Deed, Nagendra said that this practice had resulted in loss of lakhs of rupees to the site owners. He wanted MUDA to simplify the norms for issuance of Title Deed in respect of sites. He also sought organised and hassle-free allotment of houses to be constructed under Group Housing Scheme.

MCC Commissioner Gurudatta Hegde said that most of the layouts handed over by MUDA to the MCC were lacking in infrastructure. He wanted MUDA to complete all necessary infrastructure works before handing over the layouts to MCC.

As this was the first meeting under the new Chairman, MUDA members asked the officials to come up with complete and comprehensive details concerning all issues at the next meeting which is likely to take place in the first week of next month.

MLAs G.T. Devegowda, S.A. Ramdas, B. Harshavardhan and Tanveer Sait, MLCs Sandesh Nagaraj, K.T. Srikantegowda and R. Dharmasena, MUDA Member Lakshmidevi, MUDA Commissioner Dr. D. B. Natesh and other officials were present at the meeting.

Mekedaatu Project

Minister favours delegation to Delhi led by CM

Ramanagar, Sept.15 (SSV)- Water Resources Minister Ramesh Jarkiholi said the work on the much ambitious Mekedatu Dam across River Cauvery on Karnataka-Tamil Nadu border will start after the approval of the Union Government for Rs. 9,000 crore Detailed Project Report (DPR).

Ramesh Jarkiholi

Speaking to reporters after visiting Ontegundlu — the proposed dam construction spot in Kanakapura taluk yesterday, the Minister said the project required around 5,252 hectare of land of which 3,181 hectare (61 per cent) was forest and 1,870 hectare (37 per cent) was social forest land. Since the major chunk of the proposed project land was forest, the permission of the Union Ministry of Forests, Environmental Sciences and Ecology was required.

Cabinet approval

He said the DPR for the proposed project was sent to the Government of India was back in January 2010 and now it was vetted by various directorates of the Central Water Commission. Once the approval comes, it will be placed before the State Cabinet again and call for tenders. "I have discussed with Union Ministers concerned in November last year and on July 14 this year in connection with the dam construction. At the same time, I also met Union Environment Minister Prakash Javadekar. I am once again meeting Javadekar on Wednesday or Thursday to apprise him about the urgent need to give clearance to this long pending project".

Jarkiholi said there are plans to take a delegation under the leadership of Chief Minister B.S. Yediyurappa to meet the Union Ministers concerned and to put pressure on them seeking early approval to the project. The proposed dam aimed at storing Cauvery water going waste and use it during summer season for drinking water purpose. A balanced reservoir is planned at the confluence of River Arkavathi and River Cauvery, across the River Cauvery for a comprehensive drinking water scheme to cater to needs of Bengaluru citizens in the future.

The Minister said the Tamil Nadu Government has filed a writ petition in Supreme Court seeking direction to the Government of India to not to give permission for the DPR submitted by Karnataka for the proposed Mekedaatu project. Both Karnataka and Union Government have already filed its reply. Presently, the Apex Court was seized of the matter. MLC C.P. Yogeshwar, Cauvery Niravari Nigam Limited Managing Director Jayprakash, Chief Engineer Shankregowda, Superintending Engineer Vijaykumar and Executive Engineer Venkateshgowda accompanied the Minister.

Best Book Awardees

Mysuru, Sept.15 - Karnataka Science and Technology Academy (KSTA) had announced State Awards for Best Writers in the field of agriculture, science, technology and medicine. The awards were conferred to authors on Aug. 26. The following books had been selected for the year 2018-19: 'Anuranana – Science Essays' by Dr. T.S. Channesh (Science), 'Artificial Intelligence - Hosa Tantrajnana, Hosa Avakashagalu' by Dr. Udayashankar Puranik (Technology), 'Professional Computer Saksharate' by Prof. Mahadevaiah (Technology), 'Mannu – Usiraduva Jeeva Vastu' by C. Triveni (Agriculture), 'Vaidya Vijnana' by Dr. Ranjit Biranna Nayak (Medical Science) and 'Sanjivini Part-2: Arogya Margadarshini (Medical Science)' by Dr. Muralimohan Chuntaru, according to a release.

Two-day testing for antibodies in plasma begins at CFTRI

Picture shows CFTRI Director Dr. R. Subramanian giving blood sample for clinical study at CFTRI premises in city this morning as (from left) Gangadharappa, Dr. P.V. Ravindra, Dr. Vijayendra, Dr. Prakash M. Halami, Dr. Gopinath and Dr. Shanthanu Sengupta look on.

Mysuru, Sept. 15 (KS)- As part of the nationwide project from CSIR- IGIB (CSIR-Institute of Genomics & Integrative Biology), New Delhi, a two-day Pan-CSIR Phenome India Sero Surveillance for COVID-19, began at CSIR- Central Food Technological Research Institute (CFTRI) in city this morning.

This is being conducted for all staff and students of CFTRI. CFTRI Director Dr. R. Subramanian was the first to participate and provide blood sample for the clinical study.

Project Member Dr. P.V. Ravindra, speaking to *Star of Mysore*, said that this testing is being carried out at all CSIR institutes across the country to verify the prevalence of COVID-19 in the population based on the estimation of antibodies in the plasma. He further said that it also provided information about the immune status of the individual.

Project Leader Dr. Shantanu Sengupta of CSIR-IGIB, New Delhi, Co-ordinator Dr. Prakash M. Halami, Members Dr. Muthukumar, Dr. M.S. Gopinath, Dr. Avilash and others were present.

Doctors warn

(Continued from page 1)

In order to press the Government for fulfilment of their demands, the KGMOA, which has nearly 5,000 members has planned to take out a *Bengaluru Chalo* programme on Sept. 21, where a demonstration will be held in front of the Department of Health and Family Welfare Headquarters located close to Anand Rao Circle in the heart of the State capital. The KGMOA has the backing of other Doctor bodies such as IMA, MAHAN and Private Medical Practitioners Associations.

Obituary

Anjanamma

Mysuru, Sept. 15- Anjanamma (72), a retired Junior Woman Health Assistant at the Health and Family Welfare Department, wife of late Javara Shetty and a resident of Chamundipuram, passed away on Sept. 13 in city. She was the daughter of Drama Master late B. Narasimhaiah. She leaves behind son J. Mahadevprasad and a host of relatives and friends. Last rites were performed on the same day in city.

CM lays foundation for Vishnu Memorial online

(Continued from page 1)

Speaking on the occasion, Dr. Bharathi Vishnuvardhan remembered her husband's rich contribution to the Kannada film industry and said that the proposed memorial will inspire youths who wish to select cinema as their career. Due to some reasons, the project became a reality only after a decade thanks to initiation of the CM, she added. In fact, CM Yediyurappa took keen interest and cleared all the hurdles to avoid further delay. "I am thankful to the CM for fulfilling my dream. I am also equally indebted to my son-in-law Aniruddh and my daughter Keerthi, who continuously followed-up with the Government to get the project cleared. Most importantly, it is lakhs of fans of my husband who put pressure on the Government in this regard," she said.

She regretted that people expect everything to happen instantly, but things will happen only when God wishes. The same thing applies to Dr. Vishnu Memorial. This memorial will be unique in many things. It will have an exhibition of items used by the late actor, she added.

MLA G.T. Devegowda, Aniruddh, Keerthi, MLA S.A. Ramdas, MUDA Chairman H.V. Rajeev, Deputy Commissioner B. Sharat and others were present.

Facilities at memorial

Auditorium, artistes' room, fountain, exhibition, gallery, classrooms, director's cabin, office staff room and toilet would come up at the Memorial premises.

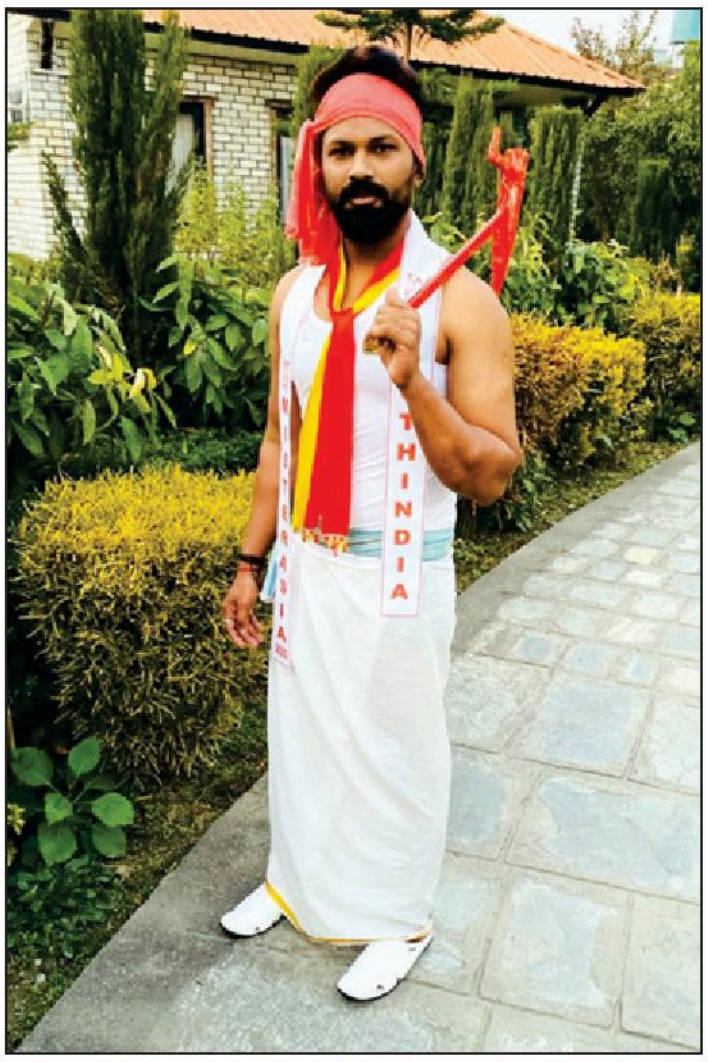
Lockdown has turned this 'Mr. Asia' into a Farmer !

By Y.D. Shekar



Mysuru, Sept. 15- A model from Nanjangud near Mysuru, who had won *Mr. Asia* title, has turned a successful agriculturist during this lockdown. He has changed the bottom line with floriculture and agriculture.

He is **D.C. Nagesh,** son of Chinnabuddi and Renuka couple of Devanoor village in Nanjangud. He had won the *Mr. Asia* title held in Nepal's Kathmandu from Jan. 31 to Feb. 7. He also won the titles of *Mr. Asia Adventure* and *Mr. Asia South India Model* and has achieved name and fame. Also, he has participated in many fashion shows in Karnataka and India and has earned laurels.

With COVID-19 induced lockdown, the entire fashion industry is shut and having no other alternative he returned to his roots and became a farmer, following his father's footsteps. Having a passion for farming along with modelling, it was not very difficult for Nagesh to adjust to his new lifestyle after years of walking on the ramp amidst cheering audience.

He actively indulged in farming and has successfully grown banana, marigold, chilli, tomato and also other flowers which are in demand. He is in favour of growing multiple crops simultaneously, irrespective of the size of the land. Each crop needs a different kind of mineral from the land, he told *Star of Mysore*.

"Earlier, I was busy with fashion shows and preparing for those shows. I did not get time at home as I was always busy. But with the lockdown, I am enjoying my days at home. Now, I turned a farmer by cultivating vegetables," said Nagesh.

Nagesh, though born to a rural agrarian family, has nursed his dreams of acting in Kannada movies since childhood. "Passion for acting has made me to try out different career like modelling, which is also a part of acting. I entered the modelling world in 2016 in New Delhi. I have also obtained training in acting from senior Rangayana artiste Mime Ramesh for six months. I am waiting for a chance to act in Kannada films," he said.

Greatly influenced by his farmer father and mother who assists him in fields, Nagesh believes that farmers play an important role in the nation's economy. "We are eating food because of farmers who till the land and grow grains. Though he is in poverty as he does not get his fair share in market prices, he ensures that others don't go hungry," Nagesh said.

His love for farming is reflected when he usually walks the ramp in a farmer's outfit, complete with a metal plough on his shoulder and a towel wrapped on his head.

"Many people including the judges of the fashion shows have appreciated the outfit as it is special and I have won many prizes," Nagesh revealed and added that he would continue to promote farmer's outfits from various regions to raise awareness about farming practices and the need to conserve them.

Engineer's Day Today

Anecdotes on Sir MV

Sir M. Visvesvaraya

At the present juncture India suffers from crisis of values that has distorted our outlook impacting in all spheres of activities. September 15 is celebrated as Engineer's Day all over India to commemorate the birthday of Sir M. Visvesvaraya (MV), Engineer-Statesman of the then Mysore State.

He was a man of sterling values and all his life he lived by it. Sir MV worked as Chief Engineer and Dewan of Mysore during the reign of Maharaja Krishnaraja Wadiyar whom Mahatma Gandhi called as *Rajarishi*. It was the unique combination that saw the then Mysore State becoming a Model State in India and the period is called the Golden era.

Recognising his contribution to society, the Government of India awarded him the highest civilian honour of *Bharat Ratna* in 1955. Therefore, it is opportune that on this day, today, not only engineers but also the people of India in general should emulate his value system.

Following are some of the incidents in Sir MV's life that will best convey his value system so that it may help us to imbibe them to bring reformation in the society.

Story behind Mokama Bridge

Pandit Jawaharlal Nehru, the first Prime Minister of India, requested Sir MV to give a report for construction of a bridge across Ganga in Patna.

Sir MV wrote to the PM saying that already seven previous reports are gathering dust in the Secretariat and he did not want the eighth report to share the same fate.

The PM sent C. Rajagopalachari as his personal emissary to assure that the Government would take action within 6 months of his report. That is how Mokama bridge became a reality.

Fame did not enslave him

When Sir MV was conferred *Bharat Ratna* in 1955 he wrote to Pt. Jawaharlal Nehru that conferring the title or honour will not deter him in criticising any idea of the Government that he did not agree with.

Cleanliness as his religion

Sir MV was not a religious man in the sense it is understood. It is said that he never entered a temple but was particular of keeping the premises scrupulously clean.

Once one of his dear friends suggested that he should pay a visit to the world famous Tirupathi temple. Sir MV was reported to have said that God has already told him what to do and he did not wish to waste God's time by visiting him.

Stickler to rule

Once Dr. Rajendra Prasad, the first President of India, invited Sir MV to Patna for drawing up a blueprint for development of Bihar. All arrangements were made for his stay in Raj Bhavan as State Guest. Rajendra Prasad instructed the inmates to attend to Sir MV's needs. After a few days when Rajendra Prasad came to Raj Bhavan he was surprised to be informed that Sir MV was not in the Raj Bhavan.

He anxiously enquired whether there was any lapse in looking after him. However, this is what he learnt. Soon after Rajendra Prasad left, Sir MV asked for the rules governing the stay of State Guests. He was informed that as per rules framed by the erstwhile British still extent, the maximum period of stay was three days. Rajendra Prasad was informed that after three days of stay in Raj Bhavan MV shifted to a hotel where he was found to be working on the report.

Other personal attributes

As for as his personal habit of honesty, integrity, dedication to task assigned, attending to details, time consciousness, neatness in dress, punctuality etc., are nothing short of legendary. His strict regimen of time management for various activities, getting up at 6 am and retiring to bed at 10 pm coupled with regular walk blessed him with excellent health and seldom fell ill.

When one of his friends asked the secret of his longevity he is reported to have said that death came calling at his house and did not find him for he had gone for a walk !

—H.R. Bapu Satyanarayana,
Retired Chief Engineer

PS: *The above are the anecdotes narrated by the chief guests invited to Institution of Engineers, Mysuru, during Engineer's Day celebration. These days that culture has disappeared.*

NIE-IT chosen as Nodal Centre for IIRS-ISRO programme

Mysuru, Sept.15- NIE Institute of Technology (NIE-IT), situated at Hootagalli industrial area, Mysuru, has been chosen as one of the Nodal Centres for the outreach programme of Indian Institute of Remote Sensing (IIRS), a unit of Indian Space Research Organisation (ISRO), Department of Space (DoS), Government of India.

Bansilal, Principal of NIE-IT said "IIRS is a premier training, education and research organisation established to prepare professionals in the field of Remote Sensing, Geo-informatics and GPS technologies, and their applications. IIRS outreach programme focuses on strengthening the academia and user segments in space technology and its applications using online learning platforms. The initial focus of IIRS was to use EDUSAT/INSAT 4CR satellite for distance learning but extended the scope to use internet so that access is available to many of institutions/Universities /individuals.

The IIRS outreach programme is being conducted through two major modes namely Live and Interactive classroom sessions (also known as EDUSAT) and E-learning based online courses.

The live and interactive mode of distance learning is through Internet and A-view software platform developed by Amrita e-learning Lab in collaboration with Ministry of Human Resource Development.

IIRS has setup a state-of-the-art studio facility and control room to broadcast live and interactive classroom sessions and practical demonstrations through its distance learning centre.

The live classroom sessions are conducted from 4 pm to 5.30 pm on daily basis through their studio. The major benefits of this programme are free online conduction of classes, E-certification for those who clear online exam, sessions by faculty of IIRS and other premier institutes, added Bansilal.

For details, visit *http://dlp.iirs.gov.in* or contact Mob: 9986877202. IIRS-ISRO outreach programme is anchored by Department of Electronics and Communications Engineering, NIE-IT.

CIIL's online workshop for Telugu Teachers and Research Scholars

Prof. P.R. Dharmesh Fernandez, Deputy Director, CIIL, addressing the teachers during inaugural session yesterday.

Mysuru, Sept. 15 - A five-day online training-cum-workshop on Testing and Evaluation for Assistant Professors, Lecturers, Teachers and Research Scholars of Telugu from all over India, began at National Testing Service-India (NTS-I) of Central Institute of Indian Languages (CIIL), Mysuru, on Monday.

Prof. P.R. Dharmesh Fernandez, Professor-cum-Deputy Director, CIIL and Head, Centre for Testing and Evaluation, introduced the activities of CIIL.

He emphasised on the importance of practice in item writing in understanding the concept of testing and evaluation and also provided details about upcoming training programmes for Kannada, Tamil and Urdu teachers.

Dr. Pankaj Dwivedi, Officer In-charge of NTS-I, highlighted the importance of understanding of educational theory and practice. He assured that this workshop will provide the teachers with solutions to deal with the common problems faced by the students while preparing for and writing their examinations.

Dr. M. Narayana Reddy, Junior Resource Person (JRP)-Academic, welcomed. Prof. G. Narasimhan, Dean, Department of Language and Comparative Literature, Sri Krishnadevaraya University, Andhra Pradesh; Dr. B. Chandra Shekar, Assistant Professor, Department of Telugu, Government Degree College, Metpally, Telangana; Prof. Viswanthappa and Prof. P. R. Harinath, both from Regional Institute of Education, Mysuru; NTS-I faculties Dr. V. Ilangovan, Dr. R. Shakunthala and Technical JRPs Ancy Thomas, K. S. Raghavan, Amit Kumar Jha, N. Kashyap and Ghazala Sulatana will train the participants in this online workshop.

Dr. M. Narayana Reddy is coordinating the workshop. Prof. D. G. Rao, Director, CIIL, is overall patron of the workshop.

Sixty-five teachers and research scholars, who are engaged in teaching/research of Telugu from various Higher Secondary Schools, Universities and Colleges, are participating in this online training, according to Dr. N. Murali Mohana, Officer (General), NTS-I, CIIL, Mysuru.

Mushroom Cultivation Training held

Mysuru, Sept.15- "The meaning of nation is the population of the country. If people begin to work, the nation will prosper on all sectors. Rural people are working round-the-clock without knowing that they are contributing to the cause of the nation," opined K.N. Ananda Nayaka, Director, RUDSETI, Mysuru.

He was addressing the participants at the valedictory programme of the three-day Mushroom Cultivation Training at Kenchanahalli in H.D. Kote taluk organised by Viveka Rural Livelihood Centre.

A.M. Babu Nayak, Entrepreneur, Male Mahadeshwara Group of Companies, Mysuru, narrated how to take a small business into a big empire.

P.D. Nayak, Manager, Viveka Rural Livelihood Centre, Kenchanahalli presided and explained how the centre has excelled in the Tribal Development over a period of time.

Totally, 28 participants attended the programme and certificates were distributed.

Former Zoo Authority Chairman Nanjundaswamy passes away

Mysuru, Sept. 15- M. Nanjundaswamy (61), former Chairman of Zoo Authority of Karnataka, senior advocate and a resident of Vajamangala in the taluk, passed away last night following brief illness.

He leaves behind his wife, one son, one daughter and a host of relatives and friends.

Nanjundaswamy was active in BJP since many years and had served in various capacities. He was also the President of Veera Vanithe Rani Chennamma Self Help Group.

Last rites were performed at Vajamangala this afternoon, according to family sources.

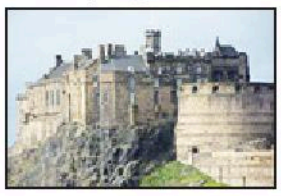
He leaves behind three sons, one daughter and a host of relatives and friends. Burial took place at Antharasanthe , according to family sources.

WORD OF THE DAY

Impregnable



Pronunciation: im-PREG-nuh-bul.
Meaning: Incapable of being taken by assault : unconquerable; unassailable; also : impenetrable.
Origin: Impregnable is one of the many English words that bear a French ancestry, thanks to the Norman conquest of England in 1066. It derives from the Middle French verb prendre, which means "to take or capture." Combining prendre with various prefixes has given our language many other words, too, including surprise, reprise, and enterprise. Remarkably, impregnable has a different origin from the similar-looking word pregnant; that word comes from a different Latin word, praegnas, meaning "carrying a fetus."
Example: "The castle was built on the corner of a great rock, so that on three sides it was quite impregnable...." — Bram Stoker

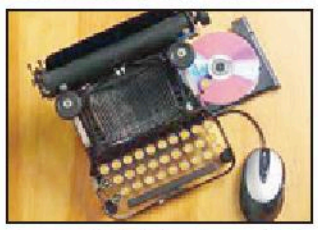
THE ODD WORD

Ibidem

In the same place.

PHRASE OF THE DAY

If it ain't broke, don't fix it



Meaning: If it ain't broke, don't fix it is a phrase that means if something is functioning properly, it's probably best to just leave it alone and not make any changes that could potentially break it.
Origin: Bert Lance is credited as the one who popularised this phrase. He worked for President Jimmy Carter as Director of the Office of Management and Budget in the year 1977. Lance was quoted as saying "if it ain't broke, don't fix it" in the May 1977 issue of a magazine called Nation's Business. Of note, the expression does show up in print a few years before that. For example, it is found in the Hamburg Reporter newspaper, 1973, in an advertisement for food: "Murph sez: If it ain't broke, don't fix it!"
The quote above is the earliest example of this phrase in print (that I've seen, anyway). Interestingly, I could not find the phrase in print from before the 1970s, so that might suggest it originated around that time.

QUOTE BOX

Listen to God with a broken heart. He is not only the doctor who mends it, but also the father who wipes away the tears. **— Criss Jami**

RIDDLE THIS

Solve the rebus:

Answer: Two left feet.

Plea to remove tree branch on electric wire at SJCE campus

A tree branch fallen on electric wire at SJCE campus has not come to the notice of anybody as the fallen branch has remained on the wire since a couple of days. Authorities concerned are urged to get the branch removed at the earliest.

Stray dog menace, a matter of concern at Siddarthanagar

Residents of Daya Marga, behind Mahadeshwara Nursing Home at Siddarthanagar, have alleged that stray dog menace is increasing day-by-day giving them sleepless nights due to their continuous barking and howling. They said that though complaints in this regard were lodged online, no action has been taken till date. They have urged the authorities concerned to act before any dog bites a resident.

Repair this defunct street-light at Ramakrishnanagar

The street-light on the 15th Cross at Ramakrishnanagar G-Block is not working since about three months thus plunging the street into darkness. This is encouraging anti-social elements to indulge in illegal activities in the cover of darkness and also, residents are afraid to come out of their house after dark. Authorities concerned are urged to take steps to get the defunct street-light repaired at the earliest.

Webinar series on handling post-COVID conditions

Dr. Senthilkumar Thej Kumar Dr. Vijayanarayanan Omkar Raikar Sushanth Rajput Anu Franklin Nageshwari

Mysuru, Sept. 15- The Department of Master of Business Administration (MBA), GSSS Institute of Engineering and Technology for Women (GSSSIETW), had organised a webinar series for students, faculties and industry professionals, with prime focus on imparting situational based topics.

Dr. S. Senthilkumar, Professor, Skyline University, Nigeria, spoke in the opportunities of small scale entrepreneurs in India post-COVID-19.

B. Thej Kumar, Associate Vice-President, Toyoda Gosei, South India Pvt. Ltd., gave an eye-opening session on role of operations management post-COVID-19.

Dr. A.G. Vijayanarayanan, Associate Professor, Vels Institute of Science, Technology & Advanced Studies (VISTAS), gave a technical talk on hypothesis testing, parametric and non-parametric tests and its application.

Omkar Raikar, Global Head, Analytics and Research, Basal Analytics, gave a session on how to make rewarding career in data science in 2020 post-COVID-19.

Sushanth Rajput, Trainer from Proficient Minds, School for Employability Training and Recruitment Services, did a hands-on session on advanced excel.

T. Anu Franklin, Team Lead in TAX, (PAS) Global, EY, had an interactive session on self awareness in today's market.

Nageshwari, HR Manager, CAPCO Technologies Pvt. Ltd., had a session and conducted role plays on how freshers can face interviews and what interviewers expect from freshers.

Online career guidance programme

Mysuru, Sept. 15- The Department of MBA, GSSSIETW, in association with JCI Mysore Success World Chapter of Zone XIV, had also organised a national-level online career guidance programme recently. The programme was specially designed for the UG students across India.

JFM G.P. Rajeev, President of JCI Mysore Success World, welcomed. JC Samatha Misquith, Zone President of Zone XIV JCI India, was the chief guest of the programme. She briefed about the importance of career planning and career management during the current COVID pandemic situation.

The guest of honour Dr. M. Shivakumar, Principal of GSSIETW, pointed out the importance of selecting a strong career which makes the students motivated or excited throughout their professional life.

Dr. D.R. Rajashekhara Swamy, Professor & Head, Dept of MBA, conveyed best wishes to the participants and Dr. V.K. Jayan, Associate Professor, Department of MBA, GSSSIETW, proposed a vote of thanks. The programme was designed for two days of which day-1 was allotted for Science graduates and day-2 for Arts & Commerce graduates. The complete session was conducted by Jasobanth N. Singhlal, a renowned career counsellor and impact coach trainer from IBCCC Academy, Bhubaneswar.

The programme covered a wide range of career options starting from certification courses to PG courses. He further explained about the skill sets required for each career. The participants actively engaged in the programme.

State-level Technical Awareness Quiz held

Mysuru, Sept. 15- The Department of Electrical & Electronics, ATME College of Engineering (ATMECE), Mysuru, had organised a four-day State-level Technical Awareness Quiz Series on Electrical & Electronics Engineering through online platform.

The target participants were students from Electrical & Electronics Engineering.

The event was organised with objectives to enhance the technical skills of students in the field of Electrical & Electronics Engineering and to improve the analytical, logical and problem-solving skills in students.

The Quiz Series covered questions from Engineering courses on Basic Electrical Engineering, Transformers, Electrical Machines, Electrical & Electronics Circuits, Digital System Design, Electrical & Electronics Engineering.

Students had to score a minimum of 50% marks to obtain e-Certificate in the respective course. The top five scoring students were awarded with Course Merit Certificate. About 350 students from different regions of Karnataka registered and participated in the event.

Dr. L. Parthasarathy, Professor & HoD - Programme Chairman, L. Raghavendra, Associate Professor - Programme Convener, M. Praveen Kumar, P. Vinod Kumar, R. Shreeshayana and K.S. Rajesh, Assistant Professors - Programme Committee Members, monitored the event process.
